

Welcome!

March is finally here, and we are tempted to welcome spring, although it may still be a bit too soon... but there are others for whom a warm welcome is long overdue!

Welcome to training!

Did you know that we offer training on all our products?

One of our most common requests is training on how to install and troubleshoot our control units.

The training sessions suits groups of 2-14 participants and are designed to fit their wishes and knowledge level. We have demo equipment at our facility in Perstorp and therefore we always recommend that the training takes place here - but we also offer some online trainings via Teams.

Why not bring some colleagues together and book a training of your choice?

[Send us an E-mail!](#)

[Our YouTube-channel](#) is another great asset when you want to program a radio receiver for example. There you'll find all our instruction videos but you are of course always welcome to contact our [technical support!](#)

Welcome to our LinkedIn!

Even if you're not coming to Perstorp for training or a meeting today, you can always stay updated on our news via LinkedIn and Facebook. We let you know about product releases, courses and exhibitions as well as letting you get to know some of our employees and the fun things we are up to.

Click on the symbols below - see you there!

Welcome to the team!

Since the beginning of the year we have had the great pleasure of welcoming three new colleagues to FAAC. By now they have all had time to get really comfortable in their new roles but just a few weeks in [Viktor](#), [Larry](#) and [Sebastian](#) got to introduce themselves on our social media channels.

Welcome to our Booth at the FKBO-exhibition!

In late April it is finally time for the annual FKBO-exhibition in Gothenburg which focuses on home adaptations and we are looking forward to welcoming you in to our booth. We will of course bring our two [Pedestrian Door account managers Jonas and Mikael](#), and showcase our Swing Door-operators, which are already the go to choice in many Swedish municipalities.

See you there!

Björn Nilsson - Gate Post of the year!

It sounds better in Swedish - we promise! During the annual dinner hosted by Swedish Gate & Fencing Association, our very own Björn Nilsson was awarded the trophy with the motivation "EVERYONE has spoken to Björn at some point".

Congratulations Björn!
